HIS HONOUR PETER LIBA
Lieutenant Governor of the Province of Manitoba
Winnipeg, Manitoba

May It Please Your Honour:

The undersigned has the honour to present the Annual Report of the Fiscal Stabilization Fund for the year ended March 31, 2001.

Respectfully submitted,

Honourable Greg Selinger
Minister of Finance for the
Fiscal Stabilization Fund

International Year of Volunteers

FUND PROFILE

Long-term planning is an essential element of fiscal responsibility. Provincial revenue can be subject to year-to-year volatility while expenditures, such as debt servicing costs, vary significantly with financial market conditions.

When revenue growth is unusually high or exceptional revenues are received, positive results may be sharply increased. This gives rise to pressures for program spending or tax cuts on the basis of a single year improvement, which cannot necessarily be sustained in the longer term.

The Fiscal Stabilization Fund was established retroactively at March 31, 1989 under the authority of The Fiscal Stabilization Fund Act, which received Royal Assent on December 13, 1989. The legislated purpose of the Fund is to assist in stabilizing the fiscal position of the government from year to year and to improve long-term fiscal planning. Under the provisions of the Act, the Government may deposit in the Fund any part of the revenue or other financial assets received in the Consolidated Fund in any fiscal year and shall credit to the Fund any earnings from investment of the Fund. All or part of the Fund balance could be transferred to the Consolidated Fund in accordance with the provisions of the Act. The Balanced Budget, Debt Repayment and Taxpayer Accountability Act, amended in 2000, made related amendments to The Fiscal Stabilization Fund Act. The major changes ensure that transfers to and from the Fiscal Stabilization Fund are not recorded as revenue, but as transfers, and proceeds from the sale of a Crown Corporation are not used in determining whether there is a positive or negative balance for a fiscal year.

2000-2001 ACTIVITIES

Previously, the proceeds of $10 million from the sale of Manitoba Data Services had been designated to fund the expenditures of the Economic Innovation and Technology Fund. Consistent with the amended legislation, whereby transfers from the Fund are no longer considered revenue, this designation was discontinued in 2000-2001.

At the beginning of the year the Fund had assets of $265 million, which were invested and accorded market rates of interest. In 2000-2001, the Fund earned $15 million in interest.

The Balanced Budget, Debt Retirement and Taxpayer Accountability Act and The Fiscal Stabilization Fund Act require that any Operating Fund positive balance in the fiscal year be transferred to the Fund until its target level is reached. The Minister of Finance has the authority to transfer additional positive balances to the Fund as he considers appropriate. The 2000-2001 surplus of $41 million has been transferred to the Fund.

MANAGEMENT REPORT

The accompanying financial statements are the responsibility of management of the Department of Finance and have been prepared in accordance with generally accepted accounting principles. These accounting principles have been applied on a basis consistent with that of the preceding year. In management's opinion, the financial statements have been properly prepared within reasonable limits of materiality, incorporating management's best judgement regarding estimates and all other data available up to September 24, 2001.

Management maintains internal controls to provide reasonable assurance of the reliability and accuracy of the financial information and to properly safeguard assets of the Fund.

The responsibility of the Provincial Auditor is to express an independent, professional opinion on whether the financial statements are fairly presented in accordance with generally accepted accounting principles. The Auditor's Report outlines the scope of the audit examination and provides the audit opinion.

AUDITOR'S REPORT

To the Legislative Assembly of Manitoba

I have audited the statement of financial position of the Fiscal Stabilization Fund as at March 31, 2001 and the statement of revenue and expense and fund balance for the year then ended. These financial statements are the responsibility of the Fund's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Fund as at March 31, 2001 and the results of its operations and cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

FISCAL STABILIZATION FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2001

1. Incorporation and Function

The Fiscal Stabilization Fund was established at March 31, 1989, under the authority of The Fiscal Stabilization Fund Act, which received Royal Assent on December 13, 1989. The legislated purpose of the Fund is to assist in stabilizing the fiscal position of the government from year to year and to improve long-term fiscal planning. Under the provisions of the Act, the government may deposit in the Fund any part of the revenue or other financial assets received in the Operating Fund in any fiscal year and shall credit to the Stabilization Fund any earnings from investment of the Stabilization Fund. All or part of the fund balance can be transferred to the Operating Fund in accordance with the provisions of the Act.

On August 18, 2000, the Balanced Budget, Debt Repayment and Taxpayer Protection Amendment and Consequential Amendments Act was passed amending The Balanced Budget, Debt Repayment and Taxpayer Protection Act, with related amendments to The Fiscal Stabilization Fund Act and The Financial Administration Act. The Bill changed the name of the Act to The Balanced Budget, Debt Repayment and Taxpayer Accountability Act. This Act is deemed to have come into force on April 1, 2000 and applies to fiscal years commencing after March 31, 2000. Major changes ensure that transfers to and from the Fiscal Stabilization Fund are not recorded as expense or revenue but as transfers, and proceeds from the sale of a Crown corporation are not to be used in determining whether there is a positive or negative balance for a fiscal year.

2. Transfer from the Operating Fund

The Balanced Budget, Debt Repayment and Taxpayer Accountability Act and The Fiscal Stabilization Fund Act require any Operating Fund positive balance to be transferred to the Fund until its target level is reached. The Minister of Finance has the authority to transfer additional positive balances to the Fund as he considers appropriate. The target level for the Fiscal Stabilization Fund is a minimum of 5% of the expenses of the Operating Fund or approximately $331 million, based on 2000-2001 expenses. As reported in the Public Accounts of the Province of Manitoba for 2000-2001, the Operating Fund had a positive balance of $41 million which was transferred to the Fiscal Stabilization Fund.

3. Transfer to the Operating Fund

Under section 4 of The Fiscal Stabilization Fund Act, the Minister of Finance, with the approval of the Lieutenant Governor in Council, may transfer once in each fiscal year all or any amounts standing to the credit of the Fund to the Operating Fund to assist in stabilizing the fiscal position of the government.

4. Statement of Cash Flows

A statement of cash flows has not been presented in these financial statements as no additional useful information would be provided by its inclusion.
